

**BRAVE  
NEW  
WORLD**

The COVID-19 pandemic has changed the world as we know it. We are at the cusp of history, and a potentially brave new world.

“Brave New World” has two components: an exhibition and book project that will present a collection of artworks and collaborations by various artists and galleries inspired by the bravery of people continuing to live despite the effects of COVID-19, and its impact on the local and global scale. Galerie Stephanie is one of the galleries participating with Art Plus Magazine.

We aim to demonstrate the significance of art and artists’ contribution as we slowly try to emerge from this difficult period into a new world.

To help the artists involved make a living despite the quarantine, at the same time, assist fund this historic project, “Brave New World” will also have an online selling exhibition slated for the end of June 2020, featuring paintings and sculptures related to COVID-19. The book will also be published by the last quarter of 2020.

Ang salitang salamat,  
ay hindi napat-  
ay sa alay nang carlos yang  
apat, na karera man sa  
puso ninyo'y hindi naging  
labag.  
Kaya po ay tunay na bigay  
na dapat pangalan sa  
araw-araw ninyong pakikipag-  
laban. Buong mundo ang  
sumasuntado sa inyo.  
Marangiang Salamat.
